About Worcestershire Community Rail Partnership (CRP)

Worcestershire
Community
Rail Partnership

The Worcestershire CRP combines the West Midlands Rail Executive (WMRE), West Midlands Railway, Worcestershire County Council, CrossCountry Trains, Great Western Railway and three Rail User Groups.

It covers a diverse mix of eighteen stations including Great Malvern & Malvern Link, the Worcester Stations, Droitwich Spa, the Kidderminster line stations through to Hagley, Bromsgrove to Redditch, Wythall, and Pershore, Evesham and Honeybourne. A brand new station, Worcestershire Parkway, opened in 2020.

The partnership encourages communities, businesses and tourist attractions to work with the rail industry and local councils to enhance Worcestershire's stations.
